This job aid provides step-by-step instructions for using FPMT's leased facility creation wizard.

FPMT has been expanded to meet new Governmental Accounting Standards Board (GASB) requirements. In addition to new functionality, system updates include new user roles as well as changes to existing business processes. Refer to the What's New with FPMT job aid for a high-level overview of system updates, including changes to table names and user role permissions.

# Contents

Overview

Which FPMT user roles can create a new leased facility?	• Creating a new leased facility is a two-step process:
	   ○ **Step one**: The leased facility creation wizard is completed by users with the FPMT Facilities role. Users must have edit rights.
	   ○ **Step two**: Users with the FPMT Accounting role complete the Lease Review wizard, which collects the majority of the financial data. Users must have edit rights.
	• Per agency discretion, an individual can be assigned both the Accounting and Facilities user roles.

What are the consequences of not completing step two (Lease Review wizard)?	• The leased facility is not a valid record and will not appear on reports. • For leases that are in scope for GASB, FPMT will not be able to send transactions to AFRS.
Where do I access the leased facility creation wizard?	• The leased facility creation wizard is accessed via the menu button on the agency tile.
When should I enter a new leased facility?	• New leased facilities should be entered into FPMT no earlier than one month, and no later than two weeks, prior to the lease contract start date.

What information do I need to create a new leased facility?	• A copy of the lease contract.
	• A floor plan that shows the total square footage.
	• If you are creating a new facility:
	   ○ Parcel Number
	   ○ Legislative District

What is the difference between creating a new facility and creating a new leased facility?	• Facilities and leased facilities are two separate tables in FPMT. A leased facility table must be associated with a facility. • The facility table captures static information about the building, such as the address, map coordinates, parcel number etc. The leased facility captures information about the tenant agency and the condition of the leased space. • As part of the wizard process, you will have the option to create a new facility or link to an existing facility. • Always search FPMT before creating a new facility to ensure that the building 1) is not occupied by another agency or 2) was not previously obligated to the state.
If I need to create a new facility, how do I get the unique facility identifier (UFI) into HRMS?	• Make sure to select "yes" for the HRMS field in the facility table. • The UFI will be uploaded to HRMS after the new facility record has been reviewed for accuracy and approved by OFM. • Refer to the UFI Frequently Asked Questions for more information.
Why should I use the wizard?	• The wizard simplifies the leased facility creation process by guiding you through each step and reducing manual activity in the system. • The wizard also includes business rules, or validation checks, to prevent incomplete data and common data entry errors.

Wizard basics:

- The wizard opens in a new window, which will close when you complete the leased facility creation process. Once the window closes, you will need to refresh your original FPMT window to see all of the changes.
- Once you Save and Close, you cannot go back into the wizard.
- Make sure to allow enough time to complete the wizard process in one sitting. If you time out during the process, you will lose your data.
- You navigate through the wizard by clicking the Next or Previous buttons.

Search for the Facility

Always search for the facility to ensure it's not already part of the inventory.

1. **Open** the Data Explorer module.
2. **Select** the 🔍 Search button on the data explorer tool bar.

3. **Select** Filter by ▾ and choose **Facilities**.

4. **Select** Refine by ▾ and choose **Primary Address**.

5. **Enter** the street address.

   ➔ Be aware that the system will not recognize abbreviations and full street names as the same word (e.g., St vs. Street).

   ➔ Start with the abbreviation. If you don't find the facility, repeat the search with the full name.

6. **Select** SEARCH
   ➔ If the facility already exists in the inventory, you will link to it as part of the wizard process instead of creating a new location.
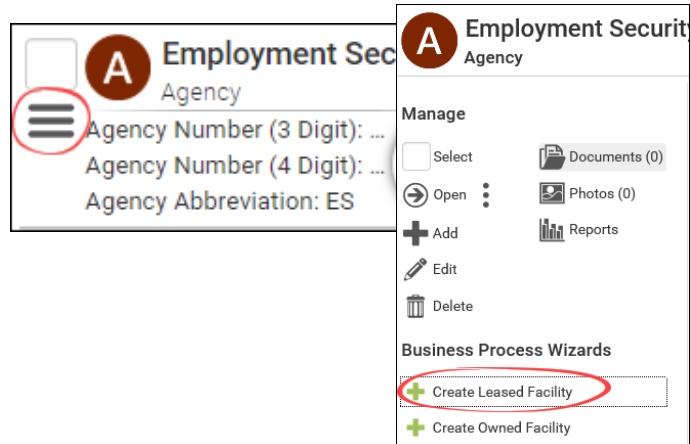

Launch the Leased Facility Creation Wizard

Navigate to the agency tile and launch the leased facility creation wizard.

1. **Select** the 🔍 Search button on the data explorer tool bar.

   ➔ If you are doing this search immediately after the above search, select Clear All before continuing on to step 2.

2. **Select** Filter by ▾ and choose **Agencies**.

3. **Select** Refine by ▾ and choose **Agency Abbreviation**.

4. **Enter** the abbreviation.

   ➔ These are SAAM acronyms.

5. **Select** SEARCH

2. **Select** the ☰ menu button on the agency tile.
3. **Select** Create Leased Facility.

Add a New Leased Facility

1. **Select** Add New Leased Facility
2. **Enter** agency data. Red fields are required.

   ➔Additional guidance is available by selecting the information icon ⑦ next to the field name.

   ▪ Name

   ➔Agency SAAM acronym – Agency common name

   (e.g., ES – Yakima Worksource)

   ▪ Condition Assessment Score

   ➔This is a required field for all facilities. The Condition Matrix table, which is available later in the wizard, is an optional way to populate this score.

   ▪ Six-Year Facilities Plan

   ➔Ensure this field is marked "yes" if this leased facility is in scope for the Six-Year Facilities Plan.

3. **Select** Next ❯

Facility – Add New or Link to Existing

➔If you located an existing facility in your initial search, choose **Select an existing facility**.

➔If you did not find an existing facility, choose Create a new facility.

Link to an Existing Facility

1. **Select** the 🔍 Search button to locate an existing facility.

2. **Enter** the primary address in the search box using quotation marks.

   ➔You can also use the UFI.

3. **Select** SEARCH

4. **Select** the checkbox next to the facility.
5. **Select** DONE

➔Your new leased facility is now associated with an existing facility record.

➔If you need to make a change, you can either **Select a different existing facility** or **Create a new facility**.

➔Once you have the correct facility, select Next ❯

➔Click/tap here to skip the new facility instructions and continue on to adding a new space.

Add a New Facility

1. **Enter** agency data. Red fields are required.

   ➔Additional guidance is availble by selecting the information icon ⑦

   - Name

     ➔Use the primary address. If the facility address is not unique, include a building number. (e.g., 1313 N 13th Ave – BLDG 1W165000)

   - Primary address

     ➔This is the legal address. Refer to USPS Addressing Standards.

     ➔The system will require a secondary address if a facility with the same primary address already exists.

     ➔The system will only catch duplicate addresses if they are entered exactly the same. If you are entering multiple facilities with the same primary address, make sure to use the same formatting.

     (e.g., Jefferson St or Jefferson Street)

2. **Select** Edit Geometry to geocode your facility (place a point on the map).
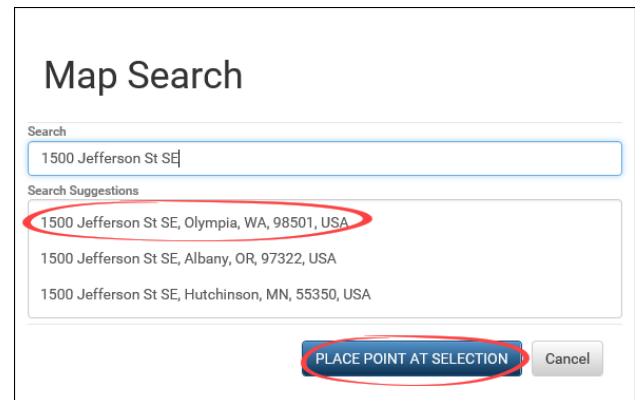

Edit Geometry

SAVE CHANGES   Cancel Changes

3. **Select** the search 🔍 button.

4. **Enter** the street address – the system will populate addresses in the dropdown menu.
5. **Select** the appropriate address.
6. **Select** Place Point at Selection

7. **Select** the + button to zoom in on the map.
   ➜ A dark blue dot will appear at the specified address.

8. If the point is in a road, you will need to move it so it is on the actual facility.
   A. **Select** the dot – it will become light blue.
   B. **Move** the dot to the approximate center of the building.
   C. **Click/tap** anywhere on the map to change the dot back to a darker blue.
9. **Select** Done.

➔In the event that a building shape does not exist yet at the address you have entered, do your best to approximate the location and add a comment.
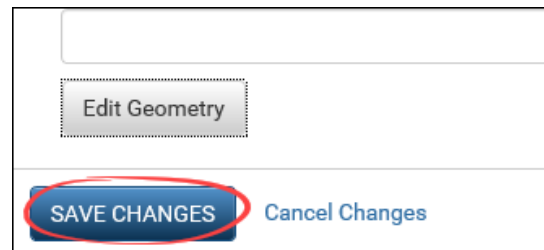

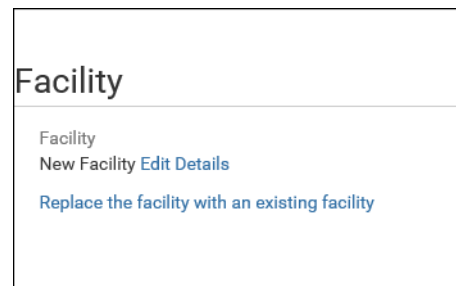

10. Select SAVE CHANGES

➔Your new leased facility is now associated with a new facility record.

➔If you need to make a change, you can either **Edit Details** for your new facility or **Replace the facility with an existing facility**.
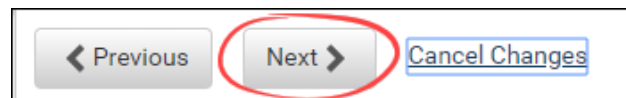

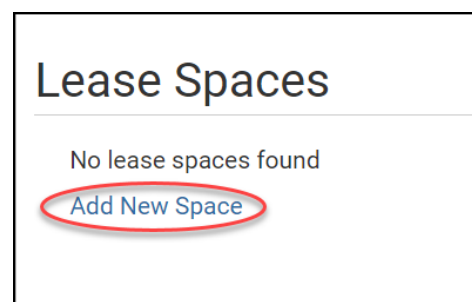

11. Select Next >

Add a New Space

1. **Select** Add New Space

2. **Enter** agency data. Red fields are required.

➔ Select the information ⑦ icon for additional guidance about fields.

3. Select SAVE CHANGES

➔Once the new space is saved, you can update the information by selecting the details icon or delete the space by selecting the trash can.

Lease Spaces

Space Name	Space ID	Details	Delete
Space	001	⬀	🗑

Add New Space

4. Navigate to the next needed form.

▪ To add operating costs, select Next >

➔Operating costs are required for facilities that are in scope for the Six-Year Facilities Plan. Costs only need to be entered during the plan data collection cycle. If this facility is being entered off-cycle (in an odd year, e.g., 2021), you can skip this table and enter operating costs manually the next year.

▪ To skip operating costs and add a condition matrix, select Next > twice.

➔A condition assessment score is required for all facilities in the inventory. The condition matrix is an optional way to populate that score. Refer to the condition matrix job aid for more details.
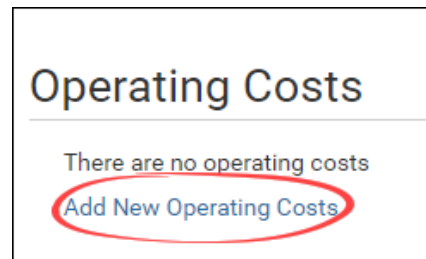

▪ To skip operating costs and condition matrix, select Next > twice and then select SAVE CHANGES.

➔To skip ahead to the lease contract instructions, click/tap here.

Data Review

1. **Select** the ⬚ Hierarchy button to change to the ⬚ Flat view. You can now see all of the tables you have added or edited as part of the wizard process.

   ⬅ History | ▼ Filter | ⬚ Hierarchy

2. **Select** the arrows ⬇ on the Starting Point tile to expand all of the tiles below.

   ⬅ History | ▼ Filter | ⬚ Flat
   🌎 **Starting Point**
   Navigate all data   6 ⬇

3. **Select** View on each tile to see the data you have entered.

4. **Review** your data.

➔To edit your data, use the Previous button to navigate back to an earlier screen.

5. **Select** SAVE AND CLOSE to complete the wizard.

6. You will see a warning that lets you know you can't go back into the wizard after saving and closing. If you don't need to make any additional edits, select YES.

➔When you complete the wizard, the window will automatically close. FPMT will still be open in the original window. You will need to refresh your screen in order to see your changes.
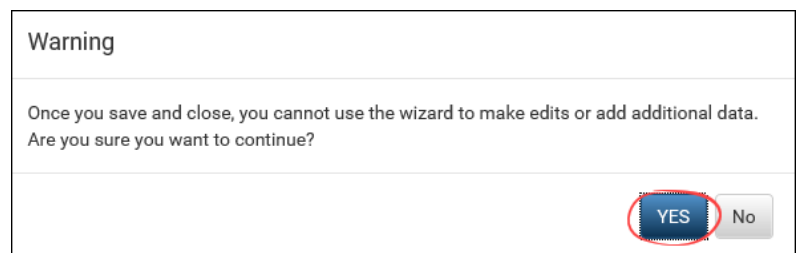

➔Continue to the next step below to upload a copy of the new lease contract.

Upload Copy of New Lease Contract

You will need to navigate to the new lease in order to attach a copy of the contract.

1. **Select** the 🔍 Search button on the data explorer tool bar

2. **Select** Clear All

3. **Select** Filter by ▾ and choose **Facility Lease Contracts**

4. **Select** Refine by ▾ and choose **Lease Number**

5. **Enter** the lease number

6. **Select** the SEARCH button
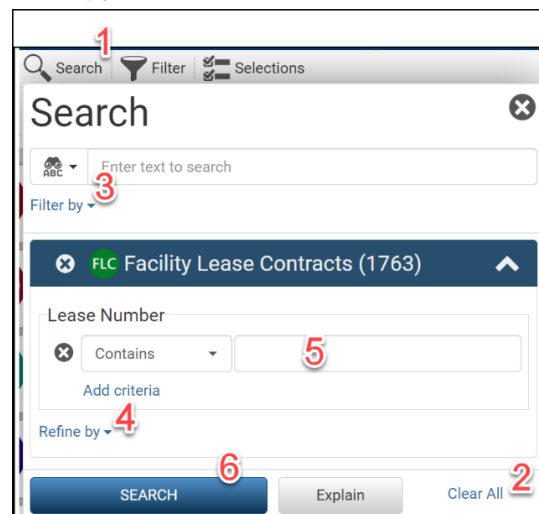

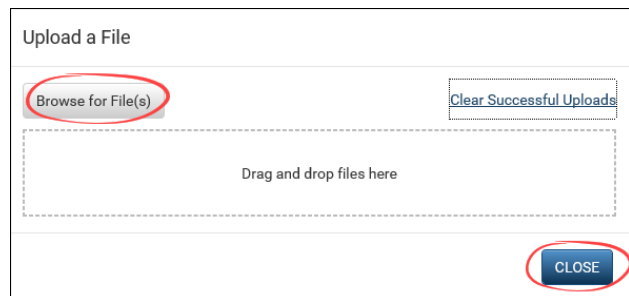

7. **Select** the ☰ menu button on the new lease contract tile.

8. **Select** Documents

   ➔ The document manager will open in a new window.
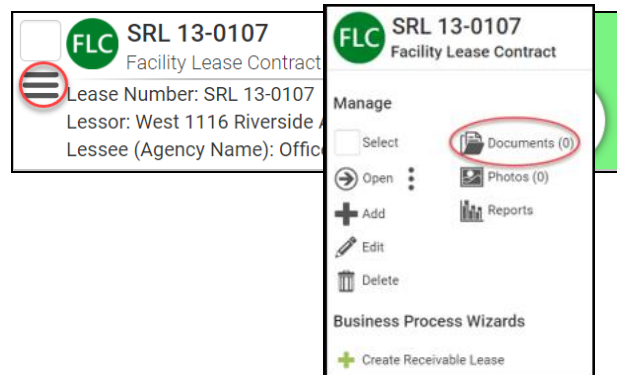

9. **Select** the ⬆ Upload button.

10. **Browse** for, or drag and drop, the file.
11. **Select** CLOSE.

Notify FPMT Accounting User

Once the leased facility creation wizard has been completed, the remaining lease contract data will need to be entered separately via the Lease Review wizard. Contact your agency's FPMT accounting user to complete this second step, unless you have both the Facilities and Accounting user roles.

The new leased facility is not a valid record until the additional financial data has been entered, so it is critical that the second step is completed in a timely manner. Until the remaining financial data is entered, the leased facility will not appear on reports, and FPMT will not be able to send any transactions to AFRS.
